We periodically review our fee structure to reflect rising operational costs and to ensure we can continue providing the highest standard of dedicated care to you.

We would like to inform you that our session fees will be adjusted effective October 1, 2026.

In addition, **credit card surcharges will no longer apply** to your fees due to new legislation regarding credit card charges.

Medicare rebates for eligible appointments have increased. If you have a valid Medicare referral on file, the increased rebate will automatically apply to eligible services. Your Medicare claim can be processed electronically following payment, with the applicable rebate paid directly to you by Medicare.

Please ask our reception team if you have any questions regarding fees or Medicare rebates.
